We will activate our highest potential through discovery, soul remembrance, meditations, group experiences, sharing, and sacred moments of contemplation all woven together in fun and joy.
Come join us!***

Malta a tiny island group with its sunshine and harbors has been home to early temple-builders, Phoenicians, Greeks, Romans, pirates, Turks and Arabs. St. Paul was shipwrecked on its shores, and the heroic crusading Knights of St. John settled here. Malta's immense prehistoric temple complexes are older than Stonehenge or the pyramids of Egypt. This is a sacred place where the Goddess has been worshipped from ancient times.

WHY MALTA?

- In 2003, Jonette led a spiritual trip to the Himalayas. The group activated a Heart portal or stargate that represents the element of **"EARTH."**
- In 2004, a group traveled to the Amazon and the Andes to open an interdimensional gateway near Lake Titicaca that represents the element of **"WATER."**
- In 2006, Jonette and 12 others climbed Mount Kilimanjaro in Africa, the world's highest, freestanding volcanic mountain. The mission was to activate the Kilimanjaro Crystal, a portal of transformation that represents the element of **"FIRE."**
- **In May of 2007, the element of "AIR" will be activated on the islands of Malta.**

When Jonette climbed Kilimanjaro, with its staggeringly airless altitude of 20,000 feet, she knew that the element of "air" thankfully couldn't be on top of a mountain! She looked forward to hearing where her Spirit Guides, Mark and White Eagle, would ask her to go next. While

meditating and channeling at the sacred site of Glastonbury in England in the summer, Jonette asked Mark where she was to lead a group to activate the element of “air.” [Malta](#), was Mark’s response. She knew *nothing* about Malta, save that it is an island in the Mediterranean Sea. However, she does know that when she follows Spirit, especially to unexpected destinations, the world shifts for her and the others who join in.

Malta will be warm and sunny. We’ll stay in lovely hotels with rooms facing the deep blue of the Mediterranean. We’ll eat beautiful food and enjoy nice wine. We’ll meditate together and listen to the timeless voices of the wind. We’ll follow the channeled wisdom of Mark and White Eagle to open up our hearts, our knowledge and our vision for the world. Woven in with visiting ancient sites, underground caves, and the vestiges of the Knights, we will partake in the energies of the Goddess, and participant in a powerful workshop for soul growth and world balance, channeled by Jonette. Our main theme is the opening of personal and planetary **Knowledge**.

WHY NOW?

With the portals for the elements of earth, water and fire already activated, the 4-sided foundation of ascension is readied with the activation of the element of air. This completes the material preparation that forms the basis of the last of the five elements: Spirit or ether, which is the gateway to the higher dimensions. Now is the time for the preparations for transformational change in our material world to be complete. The energy lines of Malta have direct influence on the Middle East. Malta has been both Christian and Moslem. It is our intent to use our time here to work directly with the energies of peace. It is most urgent

THE LIVING MYSTERIES OF MALTA

The Maltese islands are examples of "cosmic Islands" that conceal great universal truths. Our vision is to embody the wisdom and understand the mysteries within these sacred lands and Islands. We will explore the living legends, mysteries, ley lines, underwater discoveries and magnificent megalithic temples, and the Knights Templar lore to understand the clues that were left for us to discover and embody. We will celebrate each day and honor the creative divine feminine spirit as

we follow the trail of wisdom inherent in these sacred lands. Our journey on Malta, with over 7,000 years of history, will open unexpected doors for us. We will be inspired to "Know Thyself." Every time we visit a sacred place we are nurtured and inspired by the energetic imprint left in our beings by the innate power of the place. These glimpses of spiritual power come as gifts from the Earth. We will be open to receive the gifts of Earth as we travel through Malta.

Malta is a profound place of pilgrimage: sacred places where the Mother spoke and taught her mysteries. These cultures created powerful oracle sites and built unique temples integrated within the surrounding landscape aligned with movement of the Sun, Moon and the Stars. They created the oldest calendars in stone that still mark the sunrises on the equinox and solstices. They offer a portal through time to explore the ancient mysteries.

For thousands of years people have traveled to these sites to embody their own oracle power, to commune with the Goddess, to honor her cycles, and to feel her healing powers. You are invited to rekindle the fires of renewal, healing and rediscover your forgotten divine memories. On this amazing tour we will explore the mysteries, experience special workshops, shop for treasures, enjoy the beautiful beaches, have private time at Mnajdra and HAGAR QIM temples and many extras along the way. We will have excellent guides, guest speakers and many opportunities for spontaneous gatherings. You will feel these amazing sacred places for yourself and feel the ancient one calling to you as they bless you with their wisdom. **Come join us.**
